## **VM-2™**

### **USB Belt Pack Style Audio Device w/PTT**

#### **Standard Features**

- USB 2.0 Compliant audio device w/PTT feature
- Plug n Play Installation
- Compatible with Plantronics™ HW251N headset
- Uses Windows™ standard audio controls for speaker & mic levels
- Uses Windows™ default USB audio drivers
- PTT button outputs “Hotkey” for use with 3rd party VoIP applications
- Flexible ambidextrous use
- Compact, lightweight design

#### **Overview**

The VM-2 is a compact “belt pack” style USB audio device with integrated PTT feature. The VM-2 is designed for integration with VoIP software applications which utilize a “Hot Key” sequence for PTT (Push To Talk) activation. The VM-2 outputs the keyboard key “F8” for use with many 3rd party VoIP applications. The VM-2 has the “QD” style connector allowing use with Plantronics™ popular HW-251N monaural headset.

The VM-2 does not require any special drivers to be installed as it uses default Windows™ USB audio drivers & controls for its operation.

#### **Technical Specifications**

- Frequency Response: 200Hz- 6kHz
- Distortion: < .1%
- Analog output range: -30 dB to +3 dB
- Analog input range: -35 dB to +0 dB
- Plantronics QD style connector for headset connection
- USB ‘A’ style connector for connection to PC
- USB Powered
- 135mA Nominal Current Consumption
- .2 BTU/Hr Output
- Size: 101mm H x 44mm W x 25mm D  
4” H x 1.75” W x 1.0” D
- Weight: 4 ounces / 124 grams
